## The Knights of Arthur

Frederik Pohl (1919-2015)

The Knights of Arthur

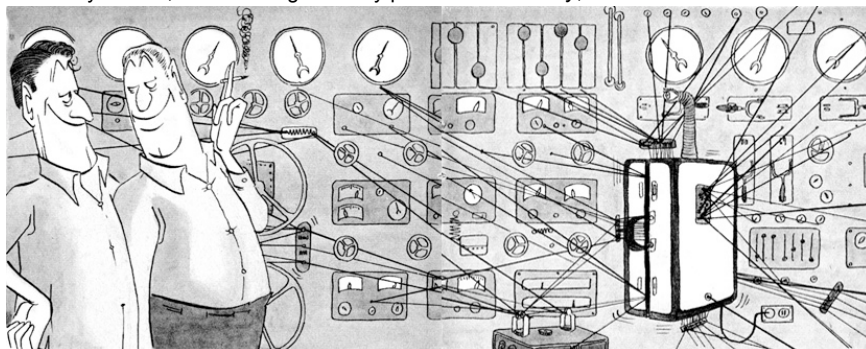

Pohl takes us into the future in this quirky and funny story, where the population of the United States is less than 10,000 people ... total. Yes you guessed it, there was a war; but the 'clean' bombs killed people and left most everything else intact. Our trio of 'Knights' are not very talented or smart or brave, but they have survived very well and now are taking on New York City to fulfill a quest of Arthur. You see, Arthur has no legs. Or arms. Or body. But he is very opinionated nevertheless. Listen to this fascinating story that is full of humor and human nature as only Pohl can do it.
